“Kido has brought innovation and energy to the early years sector.”

Judges at the Education Investor Award 2020

Welcome to **Kido Crouch End**

early years, reimagined

The first five years are the most crucial period of any child's life. And yet, the world over, nurseries and preschools rely on 20th century teaching and technology to prepare children for the 21st century.

At Kido, we've set out to change that, and bring advances in pedagogy, design and technology to create the highest quality nurseries and preschools anywhere.

Across the world, and here in the heart of Crouch End, we're creating magical spaces for children to play, learn, grow and thrive. Reach out to us and your dedicated parent relationship manager will take you on a tour of a magical learning journey for your child.

"Such a lovely daycare. My daughter entered when she was nine months - she quickly settled thanks to the very caring environment. Lots of fun activities and super clean. Very good reporting on my child's progress. I highly recommend it."

Elodie F
Parent, Kido

"Kido has been an outstanding nursery for my daughter over the past 3 years and we couldn't be happier. Thank you to the nursery for all the hard work and love that it provides for the children.

Sean M
Parent, Kido

The Kido Story

by parents, for parents

We are owned and operated by a group of parents from all over the world. We were set up in response to our founders' struggles as young parents in different cities around the world. So, since our first school in Hong Kong in 2014, we've been obsessed with two things: improving learning outcomes for children, and our service to parents.

To meet our twin objectives, we've invested significantly in people, technology and systems in every aspect of a nursery operation - recruitment, training, curriculum, operations, observations and assessments, parent communication and much more.

We've served thousands of families in places as diverse as the USA, the UK, the UAE, India and China. Being international, we incorporate best practices from around the world.

Kido Nurseries & Preschools

nursery, meet the future

We are on a mission to build the best early learning spaces in the world. According to the Reggio Emilia approach to early education, the environment is considered the third educator. With that in mind, we've created some of the most stimulating preschools and nurseries in the world. No location can ever be too beautiful for our children.

Our school design goes hand in hand with our pedagogy. Every area is set up to aid the learning journey of each child. Furniture and resources are curated from the best providers in the world. Our technology platform allows teachers to spend more time on the children and less on administration. We use technology as a tool to improve the experience of both children and parents.

Kido Crouch End

“A lovely, clean space to enrich the students learning, and absolutely incredible and friendly staff. We feel so lucky to have found such an amazing nursery for our little one. I would highly recommend it.”

Max C
Parent, Kido

“Really love the staff and space at this nursery. Such an essential for a working parent. They go out of their way to make my daughter feel welcome and safe. She loves the food too!”

Suzette C
Parent, Kido

“Our daughter loves going to Kido. She settled very quickly, and we can see that she really enjoys going in. It is great to see the variety of activities the staff prepare every day for the children. We would really recommend Kido!

Our Pedagogy

early years, reimagined

We believe that a combination of free and structured play, an engaging and interactive learning environment, and an abundance of love, care and attention provide the most solid foundation for children in the early years.

The Kido Early Years Program draws on best practices from leading philosophies from around the world, such as Montessori, Reggio Emilia and the theory of Multiple Intelligences. It is developed in house and supported by a world renowned panel of advisors. Our pedagogical leadership team has over 200 years of combined experience in early years teaching, research and pedagogy across more than ten countries, and in multiple languages. We modify our program for each country that we operate in, to adhere to national curriculum framework.

"Kido is a great nursery with staff that make such an effort to get to know each child and foster strong relationships with both parents and children!"

Danielle
Parent, Kido

"We love Kido. As a first time mum, I was very anxious at first but seeing my baby smile when I park the car to drop him off said a million words to me. He settled in very quickly and doesn't even wait for me to wave goodbye as he is always excited to start his day."

Anisa A
Parent, Kido

"Kido has been a wonderful nursery for both of my daughters. They are both extremely happy here and the staff are fantastic - so friendly and incredibly caring."

Ben S
Parent, Kido

People

listen, learn, lead

Happy teachers make happy children. We've gone to great lengths to ensure that our people are the most highly trained, motivated and engaged anywhere. Heavy investments in recruitment ensure that your child is taught by the best. Our local and international training and development programs are intensive, and ongoing. Leading experts from around the world run 'Master Classes' to ensure that our people are always a step ahead. Teachers have access to their peers from across the world in real time, so they can bring best practices from any classroom in the world to their own. Above all, we have perhaps the best benefits for our people in the industry, including free childcare for all Kido people and dedicated people trainers working alongside our teams to provide continuous professional development and on the job training and support.

"The staff are friendly and qualified. They seem to really care about the children."

Marlon L
Parent, Kido

“Kido is an excellent nursery, our son settled well and is really happy there. Great to get the regular updates through the app, including observations and pictures. It's lovely seeing what he's been up to!”

Cara N
Parent, Kido

Parent **Communication**

always at your fingertips

The Kido Parent App keeps you in touch with the nursery in real time. You can track your child's progress, their 'wow' moments, and message the nursery in a secure manner through the app. New features are added continuously to keep enhancing the parent experience.

Your parent relationship manager is on hand to help with any enquiries, arrangements or questions. Our partnership with and service to parents is core to Kido, and we're dedicated to try and meet all your needs!

“Very friendly staff. My daughter is happy to go there and has lots of fun. The food is great and we have an app where you can track what your child is up to.”

Crouch End

home away from home

Kido Crouch End is located on Elder Avenue, close to Crouch End's bustling town centre. It is a great location for local families looking for a convenient drop off with Crouch Hill and Hornsey stations close by.

Our Crouch End nursery is one of our largest settings and benefits from beautiful large classrooms and lots of natural light during the day. We have a fabulous indoor play space including a stage where our theatre projects come to life. The space is also used for sports, music and arts. The children spend time in our lovely garden daily doing outdoor activities and gardening.

"Kido Nursery is a really friendly, welcoming environment with a lovely community of parents! Our 20 month old started at the nursery at 1 years old and has grown in character and developmental abilities significantly in that time."

Katie L
Parent, Kido

You'll find our school on Elder Avenue, minutes away from Crouch End's high street and it's many transport links.
